more at CasebookPlus.com. In
addition to the law of

Online Library

Corporations And Other

corporations, this edition includes unincorporated forms of doing business such as the now popular limited liability companies, it addresses principles of agency law, federal securities law issues such

Online Library

Corporations And Other

Business Enterprises, Sarbanes-Oxley and SEC proxy rules.

The casebook contains specialized treatment of closely held corporations and fiduciary requirements imposed by the courts.

Coverage also includes the

Online Library

Corporations And Other

role of corporate lawyers,
mergers and acquisitions,
and an introduction to
corporate finance. The
casebook includes references
to the Model Business
Corporation Act and
applicable Delaware

Online Library

Corporations And Other

corporate law. Suitable for use in advanced courses as well.

Casebookplus American

Organizing Corporate and Other Business Enterprises is a one-volume treatise detailing the various

Online Library

Corporations And Other

aspects of setting up small business enterprises. Among the business entities discussed are individual proprietorships, general and limited partnerships, closely held corporations, not-for-profit corporations,

Online Library

Corporations And Other

and limited liability

companies. Tax, financing,
and management

considerations are reviewed.

The publication covers much
more than the title

indicates--it deals not just
with organizing business

Online Library

Corporations And Other

enterprises but also with selected, tangential problem areas--e.g., fiduciary obligations of officers and directors, managing risk, employee benefits, etc. This publication is a practice guide to legal and tax

Online Library

Corporations And Other

Business Enterprises to be considered in selecting a form of business organization. It is intended for the attorney who is advising proposed or existing small businesses. Organizing Corporate and Other Business Enterprises

Online Library

Corporations And Other

Business Enterprises provides assistance from the inception of an enterprise through the death of the owners or the termination of the enterprise. Coverage includes: strong federal tax analysis, which is especially important for

Online Library

Corporations And Other

Business Enterprises

classification, including S corporations; corporate domicile; promoter's rights; and initial capitalization.

Cases And Materials

This book undertakes a traditional, and inclusive, approach to the law of business organizations. The volume includes materials many books now on the market

Online Library

Corporations And Other

omit, such as agency and unincorporated business associations, while at the same time maintaining a wide breadth of coverage. As such, the book permits professors to emphasize closely held and other non-

Online Library

Corporations And Other

Business Enterprises while at the same time offering the basics on public company law and practice. Along these lines, the book includes materials on securities offerings, registration, exemptions from

Online Library

Corporations And Other

Business Enterprises' registration, and lawyers' responsibilities under the securities laws. Features that make this book a strong teaching tool and a strong learning tool include: • Chapter introductions that summarize and highlight the

Online Library

Corporations And Other

Business Enterprises
Cases And Materials
Casebookplus American
Casebook Series

overall and contextual importance of chapter contents (rather than merely list and categorize the parts of the chapter); •
Basic corporate finance nomenclature and other information necessary to an

Online Library

Corporations And Other

Business Enterprises

Understanding of transactional business law, including individual

chapters on basic corporate

finance, corporate changes

and change of control

transactions; • Materials

allowing for a comparison of

Online Library

Corporations And Other

Business Enterprises in other countries with those of the United States in key areas of study; and • Well-selected notes and problems that permit the integration of concepts and foster application skills at key

Online Library

Corporations And Other

Business Enterprises. This single text allows for coverage of law, underlying theory and policy, and practice skills. In one volume, the book contains material sufficient to educate a young lawyer to function in general business

Online Library

Corporations And Other

Corporations And Other

Lexis Advance for further
legal research options.

The title of the basic
business law course --
Corporations, Business
Associations Business
Organizations, or Business

Online Library

Corporations And Other

Entities -- varies from law school to law school and from year to year. However, in these courses, the core coverage is essentially the same -- agency principles, partnership law, fiduciary duties, securities fraud,

Online Library

Corporations And Other

Business Enterprises
and changes in corporate
control. This relatively
concise book is intended to
reach students in the basic
corporate law course,
regardless of course title.
This book attempts to make
the usual coverage as easy

Online Library

Corporations And Other

and straightforward as possible. Although the vast majority of law students take a corporations or basic business organizations course, there are surprisingly few attempts to systematically organize the

Online Library

Corporations And Other

most important doctrines and theories covered. Of the few books that track the basic business law course, even fewer still are of recent vintage. This book attempts to fill those lacunae. The book intends to aid

Online Library

Corporations And Other

Business Enterprises, in the basic Corporations or Business Organizations courses. Additionally, this book would be a useful resource to students in other closely related courses in law school, like

Online Library

Corporations And Other

Agency & Partnership,

Closely Held Firms, Mergers

& Acquisitions, and

Securities Regulation, to

name just a few. In addition

to law schools, the book is

also written with an eye

toward the graduate students
