First published in 1944, *The Building of Jalna* is one of sixteen books in the Jalna series written by Canada's Mazo de la Roche. In *The Building of Jalna*, Adeline, an impulsive bride with an Irish temper, and her husband, Captain Whiteoak, select Lake Ontario as the site of their new home. De la Roche chronicles their trials and tribulations during the building of the house, the swimming and skating parties, and the jealousies and humorous events that arise. This is book 1 of 16 in *The Whiteoak Chronicles*. It is followed by *Morning at Jalna*.

NEW YORK TIMES & USA TODAY Best-selling Author, Judy Angelo, presents: Volume 1: *THE TAMING OF A PRINCESS...* Serena Van Buren, the privileged daughter of a wealthy businessman, can't wait to begin her three-month tour of Europe with her college mates. Little does she know that fate has other plans in store! Instead of dancing with handsome Italians and dining with charming Frenchmen Serena finds herself trapped in a six-month internship with overbearing business tycoon, Roman Steele - an arrangement orchestrated by her own father. Serena is determined to show Roman that she won't yield to the demands of any man, boss or no boss. She's a Van Buren, after all, known to wither a man with one look. But Roman Steele is like no man she's ever met before. Suave, sexy and stunningly handsome, there's something about him that she can't resist. It looks like Serena Van Buren has finally met her match. A sweet and saucy romance that will have you smiling...

This IBM Redbooks publication reviews the overall Tivoli Enterprise Security Architecture. It focuses on the integration of audit and compliance, access control, identity management, and federation throughout extensive e-business enterprise implementations. Manager, Federated Identity Manager, Security Compliance Manager, Security Operations Manager, Directory Server, and Directory Integrator, Tivoli offers a complete set of products designed to address these challenges. This book describes the major logical and physical components of each of the Tivoli products. It also depicts several e-business scenarios with different security challenges and requirements. By matching the desired Tivoli security product criteria, this publication describes the appropriate security implementations that meet the targeted requirements. This book is a valuable resource for security officers, administrators, and architects who want to understand and implement enterprise security following architectural guidelines.

Process Safety Management and Human Factors: A Practitioner's Experiential Approach addresses human factors in process safety management (PSM) from a reflective learning approach. The book is written by engineers and technical specialists who spent the last 15-20 years of their professional career looking at behavioral-based safety, human factor research, and safety culture development in organizations. It is a fundamental resource for operational, technical and safety managers in high-risk industries who need to focus on personal and occupational safety management to prevent safety accidents. Real-life examples illustrate how a good, effective understanding of human factors supports PSM and positive impacts on accident occurrence. Covers the evolution and background of process safety management Shows how to integrate and augment process safety management with operational excellence and health, safety and environment management systems Focuses on human factors in process safety management Includes many real-life case studies from the collective experience of the book's authors

1980s, improvements on the employment/unemployment front have been sluggish at best, with a few notable exceptions. In many countries, renewed growth in LAC in the 1990s has so far failed to generate adequate new jobs in place of those lost during the adjustment, and to restore wages to pre-crisis levels. The focus of this book is on:

- the performance of labor markets in the LAC region since the beginning of significant structural reforms
- most countries in the region have undertaken
- the structure of labor markets, institutions, and incentive structures;
- the effects of that structure on employment, earnings, income distribution, and poverty levels;
- the role of labor market institutions in labor market trends;
- the options for reform and the benefits of comprehensive labor reforms, as evidenced inside and outside the region;
- labor policy reforms to improve in a sustainable way the employment/unemployment outlook.
