This is a text for introductory courses on cost and management accounting. It provides coverage of the elementary principles and techniques of costing and management accounting, and concentrates on the typical syllabus of a first year BA course.

Drury's Management & Cost Accounting is the market-leading European text on management accounting and is a comprehensive authority on all aspects of the subject. This accompanying Student's Manual is a workbook that comprises a set of extra problems and solutions that correspond with the chapters of the main text. Together, the main text and the Student's manual form an ideal learning package. The problems and solutions allow students to pursue topics in more depth and to concentrate on the application of principles in management and cost accounting. The key topics are covered in detail and provide a superb opportunity to practise answering exam questions, many of which are taken from past papers of professional accountancy bodies such as CIMA, ACCA, AAT, ICAEW and ICAI.

Aimed at non-accounting management students, this textbook offers a thorough introduction to
