Titles are: Cold Day in Hell \* Empty Rooms \* The Loner \* Oh Pretty Woman \* Parisienne Walkways \* Still Got the Blues \* Story of the Blues \* Walking by Myself.

Book & CD. "I want to be the guy who puts back into print the bands all the other rock anthologies strip out when their careers are deemed too unimportant. Nobody cares?! I care!" (Martin Popoff) "The Collector's Guide to Heavy Metal" was a 540 page mammoth of a book crammed with 3700 reviews of metal albums through the decades. It elicited tons of discussion, including dozens of reviews and close to 70 fan evaluations at the book's Amazon page and counting. Now it is being split in three and, along the way, more than doubled in size and scope. The long-awaited and most-requested "The Collector's Guide To Heavy Metal - Volume 2: The Eighties" is Martin's most ambitious undertaking since the legendary original volume. Martin stuffs the pages full of reviews and recollections of hundred upon hundreds of rarities and monster catalogues from '80s bands not covered in the seminal original tome. As well, many of the original reviews get complete overhauls as Martin re-evaluates the classics and adds trivia titbits that make these records come to life. Come join Martin's look at metal's golden decade and check out dozens of bands and hundreds of albums you won't see covered in any other rock anthology. This indeed is the book that brings back to the printed page, long-lost acts that rocked hard for their times, bands that built the foundation for the mountainous heavy metal sound of today. Includes a CD of Eighties Rarities.

A memoir of fathers and sons, baseball, a world at war, and second chances. "I loved [it]. You will, too" (Jim Morris, author of The Oldest Rookie). Gene Moore was a small-town Illinois farm boy whose passion for "America's Pastime" made him a local legend. It wasn't long before word spread, and the Brooklyn Dodgers came calling on the teenage phenom who could hit a ball a country mile. Headed for stardom, and his dream within reach, Gene's future in the majors was cut short by World War II. In 1944, after joining the US Navy, Gene found himself on a top-secret mission: guarding German sailors captured from U-505, a submarine carrying one of the infamous Enigma decoders. Stuck with guard duty, he decided to bide the time by doing what he loved. Gene taught the POWs how to play baseball. It was a decision that would change Gene's life forever. The story of a remarkable man told by his inspired son, "Gene's journey from promise to despair and back again, set against a long war and an even longer post-war recovery . . . [is] a 20th-century epic that demonstrates how, sometimes, letting go of a dream is the only way to discover one's great fortune" (Publishers Weekly, starred review).

(Guitar Educational). This comprehensive source for learning blues guitar is designed to develop both your lead and rhythm playing. Blues styles covered include Texas, Delta, R&B, early rock & roll, gospel and blues/rock. The book also features: 21 complete solos \* blues chords, progressions and riffs \* turnarounds \* movable scales and soloing techniques \* string bending \* utilizing the entire fingerboard \* using 6ths \* chord-melody style \* music notation and tab \* audio with leads and full band backing \* video lessons \* and more. This second edition now includes audio and video access online!
