The first serious full-length biography of modern Africa's most famous dictator "Sharply written, forensically researched. . . . A meticulous re-examination of Amin's life, producing a narrative packed with original evidence, and one that strives at all times to be scrupulously well balanced. "--Paul Kenyon, The Sunday Times, London Idi Amin began his career in the British army in colonial Uganda, and worked his way up the ranks before seizing power in a British-backed coup in 1971. He built a violent and unstable dictatorship, ruthlessly eliminating perceived enemies and expelling Uganda's Asian population as the country plunged into social and economic chaos. In this powerful and provocative new account, Mark Leopold places Amin's military background and close relationship with the British state at the heart of the story. He traces the interwoven development of Amin's career and his popular image as an almost supernaturally evil monster, demonstrating the impossibility of fully distinguishing the truth from the many myths surrounding the dictator. Using an innovative biographical approach, Leopold reveals how Amin was, from birth, deeply rooted in the history of British colonial rule, how his rise was a legacy of imperialism, and how his monstrous image was created.

In Idi Amin's Shadow is a rich social history examining Ugandan women's complex and sometimes paradoxical relationship to Amin's military state. Based on more than one hundred interviews with women who survived the regime, as well as a wide range of primary sources, this book reveals how the violence of Amin's militarism resulted in both opportunities and challenges for women. Some assumed positions of political power or became successful entrepreneurs, while others endured sexual assault or experienced the trauma of watching their brothers, husbands, or sons "disappeared" by the state's security forces. In Idi Amin's Shadow considers the crucial ways that gender informed and was informed by the ideology and practice of militarism in this period. By exploring this relationship, Alicia C. Decker offers a nuanced interpretation of Amin's Uganda and the lives of the women who experienced and survived its violence. Each chapter begins with the story of one woman whose experience illuminates some larger theme of the book. In this way, it becomes clear that the politics of military rule were highly relevant to women and gender relations, just as the politics of gender were central to militarism. By drawing upon critical security studies, feminist studies, and violence studies, Decker demonstrates that Amin's dictatorship was far more complex and his rule much more strategic than most observers have ever imagined.

Idi Amin ruled the East African country of Uganda from January 1971 to April 1979 when he was ousted from power by a combined force of the Tanzania Peoples' Defence Force and Ugandan exiles operating through Tanzania. He left a controversial and conflicted legacy, as depicted by Oscar-winning film star Forest Whitaker in the hit movie "The Last King of Scotland"; but have authors and filmmakers who have attempted to tell his story to date really told the whole truth? Have they delved deep enough to uncover everything there is to know about Idi Amin, everything there is to tell about him and what actually happened during his rule and after he was forced to live in exile, first in Libya and then in Saudi Arabia? "No" says his son Jaffar Amin and other people! Was Idi Amin "Framed" or "Guilty as Charged"? Was something "insidious" going on during his rule in Uganda as alleged by many? What role did racism, colonialism, neocolonialism, classism, religion, tribalism and greed play in "creating" Idi Amin? In this unprecedented series devoted to telling Idi Amin's story in its entirety and not just "selected" parts, Margaret Akulia engages his son Jaffar Amin and other people in candid "conversation" about his legacy. As the world continues to pronounce "A Guilty Verdict" on Idi Amin after "finding him guilty beyond reasonable doubt," many people are adamant in asserting that "others" and not Idi Amin committed the "mass murders" attributed to him in Uganda which begs the question: Was Idi Amin a Hero or a Villain? This is a series devoted to uncovering Idi Amin's story in its entirety, layer by layer, telling all the truth and shedding light on the untruths! Compiled and co-written by Jaffar Amin and Margaret Akulia.

"If you desire an exhilarating read of a family's life during Idi Amin's savage reign, then this book's for you." Doug Abraham, Writer & Columnist. "The Jacques Family's unique Safaris passed through some of the most beautiful - often life threatening - landscapes and situations on earth, and survived. Enjoy!" MacDonald Coleman, Author. "Leo invites you into a world that has the same capacity for richness, complexity and openness that the fictional universe offers. A great read." Jim J. Nolan, Editor/Journalist. "This is surely life as it was at the time of Idi Amin." Marshall Dunn, Kampala School Teacher. "AFRICAN

Read Book Idi Amin Dada In Africa

PEARLS AND POISONS," Idi Amin's Uganda; Kenya; Zaire's Pygmies, takes you on a series of Safaris, by a family of four, through East and Central Africa, in 1971-72, to attain freedom from Amin and return to North America to unveil their tale - undercover until now. Amin's army and death squad, kills a reported 300,000 humans, who, for the most part, are innocent victims of his, "Economic War." A Swahili saying: -- "When two bull elephants fight, it is the grass who suffers most," fits this situation. In Kenya, the Jacques family, experienced the breathtaking beauty of a country dubbed, "The World's Safari Capital." In Zaire, they safari to the cannibalized and now extinct Twa Pygmies of the Ituri Rainforest, in their temporary camp, past Semliki, on the Mountain of the Moons trail. This book, like Joseph Conrad's "HEART OF DARKNESS" inspires a reader to think differently about East and Central Africa.

What would it be like to become Idi Amin's personal physician? Giles Foden's bestselling thriller is the story of a young Scottish doctor drawn into the heart of the Ugandan dictator's surreal and brutal regime. Privy to Amin's thoughts and ambitions, he is both fascinated and appalled. As Uganda plunges into civil chaos he realises action is imperative - but which way should he jump?
