A handbook on immigration law written for the use of immigration practitioners and advisers, including law centres and Citizens Advice Bureaux, when advising or representing their clients.

Inside Immigration Law analyses the practice of implementing immigration law, examining the different political and organisational forces that influence the process. Based on unparalleled academic access to the German migration management system, this book provides new insights into the 'black box' of regulating immigration, revealing how the application of immigration law to individual cases can be chaotic, improvised and sometimes arbitrary, and either informed or distorted by the complex, politically laden and changeable nature of both German and EU immigration laws. Drawing on extensive empirical material, including participant observation, interviews and analyses of public as well as confidential documents in German immigration offices, Inside Immigration Law unveils the complex practices of decision-making and work organisation in a politically contested environment. A comparative, critical evaluation of the work of offices that examines the discretion and client interactions of bureaucrats, the management of legal knowledge and symbolism and the relationships between immigration offices and external political forces, this book will be of interest to sociologists, legal scholars and political scientists working in the areas of migration, integration and the study of work and organisations.

This fully updated Immigration Law Handbook contains the complete and updated primary law that immigration and homeland security professionals need on a daily basis. Inside this immigration handbook you'll find the full text of the laws with cross-references, along with a table of sections affected by recent legislation, highlights of the most recent Congressional Session, and immigration classifications and charts. A comprehensive Index helps you find and apply the law quickly.

This compact, comprehensive title offers an expert overview of the history, constitutional authority, statutory provisions, regulations, structure, procedure, administrative process, and ethical principles of immigration law and practice.

Since its initial publication in 1992, the book has been adopted at 183 U.S. law schools. It mixes theory, policy, and politics with practice-oriented materials that deal in doctrine, planning, and problem-solving. Legomsky and Rodriguez make heavy use of policy analysis, fact problems, and simulation exercises. The teacher's manual contains detailed analyses of all the policy questions, fact problems, and simulation exercises, as well as synopses of all the cases, sample syllabi, and other teaching suggestions. The new edition incorporates the sweeping changes of the past five years. Highlights include: Discussion of DACA and the dramatic November 2014 executive actions Analysis of the legal limits and policy implications of prosecutorial discretion and other Obama Administration executive actions Discussion of comprehensive legislative immigration reform efforts, including S.744 A new section on vulnerable children, addressing UAC, special immigrant juveniles, child asylum issues, and children's use of T and U visas, with specific discussion of the current Central American UAC issues and 2014 opinion of the Inter-American Court A completely re-written section on same-sex marriages, to reflect Windsor, Zeleniak, and Administration implementation initiatives Entirely rewritten section on asylum claims based on particular social group, to reflect the recent BIA decisions in M-E-V-G- and W-G-R- (concerning the social distinction and particularity requirements), the BIA's 2014 landmark domestic violence decision in A-R-C-G-, and related developments on gender-based asylum claims A completely rewritten section on crimmigration generally, the crime-related deportability grounds, and the categorical and modified categorical approaches, to reflect the Supreme Court's recent decisions in Moncrieffe and Descamps, lower court decisions such as Silva-Trevino, and the 2014 BIA decision in Dominguez-Rodriguez The addition of an extended section on federalism and Arizona v. United States in chapter 2 (constitutional foundations), the creation of a new chapter on enforcement that includes discussion of Secure Communities (now PEP), 287(g), non-cooperation laws, and detention, and a reorganization and streamlining of chapter 12 (undocumented immigrants), to accommodate these changes New developments on in-state tuition for undocumented students New developments on drivers' licenses for undocumented residents New material on advance parole, Arrabally, 601A provisional unlawful presence waivers, and parole in place MAVNI renewal and extension to DACA recipients New developments on Padilla New avenues for representation for low-income immigrants and refugees The Supreme Court's Cuellar de Osorio decision on the Child Status Protection Act New developments on EB-5, particularly with respect to regional centers Material concerning work permits for H-4 nonimmigrants New material on the Adam Walsh Act Discussion of dramatic increases in credible fear interviews and Administration responses Discussion of the asylum clock litigation and its effect on work authorization Material on FOIA litigation involving asylum officer interview notes Important recent court decisions on temporary protected status New developments on in-country renunciation of U.S. citizenship Discussion of assisted reproductive technology (ART) and its effects on both immigration and citizenship law

Who controls American immigration policy? The biggest immigration controversies of the last decade have all involved policies produced by the President policies such as President Obama's decision to protect Dreamers from deportation and President Trump's proclamation banning immigrants from several majority-Muslim nations. While critics of these policies have been separated by a vast ideological chasm, their broadsides have embodied the same widely shared belief: that Congress, not the President, ought to dictate who may come to the United States and who will be forced to leave. This belief is a myth. In *The President and Immigration Law*, Adam B. Cox and Cristina M. Rodriguez chronicle the untold story of how, over the course of two centuries, the President became our immigration policymaker-in-chief. Diving deep into the history of American immigration policy from founding-era disputes over deporting sympathizers with France to contemporary debates about asylum-seekers at the Southern border, they show how migration crises, real or imagined, have empowered presidents. Far more importantly, they also uncover how the Executive's ordinary power to decide when to enforce the law, and against whom, has become an extraordinarily powerful vehicle for making immigration policy. This pathbreaking account helps us understand how the United States has come to run an enormous shadow immigration system-one in which nearly half of all noncitizens in the country are living in violation of the law. It also provides a blueprint for reform, one that accepts rather than laments the role the President plays in shaping the national community, while also outlining strategies to curb the abuse of law enforcement authority in immigration and beyond.
