I'm not entirely sure what PIXL is to be  
perfectly honest. If you go onto the Maths  
Genie website, they have predicted June 2016  
papers on there. PIXL is a paid for paper  
which is pretty accurate as a predictor.  
Maths genie are free and probably less  
accurate but also great practice. 0.

problems were avoided, since the amount of work for obtaining the solutions was not feasible for the students. This situation has changed now, and the students can be taught real-life problems that they can actually solve using the new powerful software. The reader will improve his knowledge through learning by examples and he will learn how both systems, MATLAB and MAPLE, may be used to solve problems interactively in an elegant way. Readers will learn to solve similar problems by understanding and applying the techniques presented in the book. All programs used in the book are available to
