The Business of Giving reviews current thinking and surveys the key techniques any philanthropist or grantmaker should adopt. It also outlines a generic social investment process that can be utilized for all philanthropic or grantmaking programmes. Essential reading for all engaged in or with an interest in philanthropy or civil society in general.

A guide on how to honestly assess and determine one's individual relationship with today's world of philanthropy provides step-by-step guidance for creating a business plan for giving and offers practical ideas for determining the right plan for each individual.

Answers to the 12 most common and critical questions about corporate giving In this groundbreaking resource, Weeden shows how to strategically plan, manage and evaluate corporate contributions. Questions include: Why Should We Give?; How Much?; Who Decides?; Does a Company Need a Foundation?; How to Give Products or Services?; How Do We Know What Works? The book covers a wide range of topics including: The case for conditional corporate philanthropy; increasing stewardship to give more; assigning responsibility for signature programs; how CEOs leverage contributions programs for maximum benefit; effectively staffing corporate contributions programs; the pros and cons of corporate foundations; and more. Offers benchmarks for determining if a business has a meaningful philanthropic program that fosters constructive corporate citizenship Reveals how an effective philanthropic program and commitment can be incorporated in any organization Contains a comprehensive review of the information corporations need to make informed decisions about giving The author offers a prescription for linking businesses with causes and the nonprofits addressing critical issues in a way that will preserve or restore services and activities essential to our quality of life.

The troubling ethics and politics of philanthropy Is philanthropy, by its very nature, a threat to today ' s democracy? Though we may laud wealthy individuals who give away their money for society ' s benefit, Just Giving shows how such generosity not only isn ' t the unassailable good we think it to be but might also undermine democratic values. Big philanthropy is often an exercise of power, the conversion of private assets into public influence. And it is a form of power that is largely unaccountable and lavishly tax-advantaged. Philanthropy currently fails democracy, but Rob Reich argues that it can be redeemed. Just Giving investigates the ethical and political dimensions of philanthropy and considers how giving might better support democratic values and promote justice.

Give for Good: A How-to Guide for Business Giving, leads readers through a process so that their business can give back more effectively, with more impact in the community.

A practical guide to philanthropy at all levels of giving that seeks to educate and inspire A majority of American households give to charity in some form or another--from local donations to food banks, religious organizations, or schools, to contributions to prevent disease or protect basic freedoms. Whether you're in a position to give \$1 or \$1 million, every giver needs to answer the same question: How do I channel my giving effectively to make the greatest difference? In Giving Done Right, Phil Buchanan, the president of the Center for Effective Philanthropy, arms donors with what it takes to do more good more quickly and to avoid predictable errors that lead too many astray. This crucial book will reveal the secrets and lessons learned from some of the biggest

givers, busting commonly held myths and challenging the idea that "business thinking" holds the answer to effective philanthropy. And it offers the intellectual frameworks, data-driven insights, tools, and practical examples to allow readers to understand exactly what it takes to make a difference.

Gold Medal Winner; Philanthropy, Charities, and Nonprofits; 2012 Axiom Business Book Awards Giving 2.0 is the ultimate resource for anyone navigating the seemingly infinite ways one can give. The future of philanthropy is far more than just writing a check, and Giving 2.0 shows how individuals of every age and income level can harness the power of technology, collaboration, innovation, advocacy, and social entrepreneurship to take their giving to the next level and beyond. Major gifts may dominate headlines, but the majority of giving still comes from individual households—ordinary people with extraordinary generosity. Even in 2009, at a time of deep recession, individual giving averaged almost \$2,000 per household and drove 82% of the \$300 billion donated that same year. Based on her vast experience as a philanthropist, academic, volunteer, and social innovator, Arrillaga-Andreesen shares the most effective techniques she herself pilots and studies and a vast portfolio of lessons learned during her lifetime of giving. Featuring dozens of stories on innovative and powerful methods of how individuals give time, money, and expertise—whether volunteering and fundraising, leveraging technology and social media, starting a giving circle, fund, foundation, or advocacy group, or aspiring to create greater social impact—Giving 2.0 shows readers how they can renew, improve, and expand their giving and reach their fullest potential. A practical, entertaining, and inspiring call to action, Giving 2.0 is an indispensable tool for anyone passionate about creating change in our world.

Giving Back: Connecting You, Business, and Community More than ever before, businesspeople are seeking new ways to get involved in their communities by affiliating with charities and nonprofits in meaningful and deeply powerful ways. This new mindset is one where doing good is not just positive public relations, but essential to the way the company does business. Giving Back: Connecting You, Business, and Community is a revolutionary book about the new enlightenment in business that is a direct result of the demographic, political, and social changes in the nation today. Brimming with exclusive stories of leaders who have been successful at making a difference in their own communities, this book shows you how many successful businesspeople have made giving back a part of their everyday lives. Giving Back also shows how your business's participation in charitable activities can enhance its brand—and bottom line. Providing a wealth of hands-on, practical experience, this insightful book covers essential topics, including: Why doing good is smart business Leading by example A revolution in retail Partnering with nonprofits A new spirit of volunteerism The venture philanthropists The personal benefits of giving back When businesspeople focus their energy, organizational talent, and personal connections on achieving a social goal, they can be a powerful force for community good. Giving Back provides you with the tools, facts, and know-how to build mutually beneficial relationships where the sum of the two parts can be greater than either one alone. There will never be a shortage of problems to be solved, but there will always be a need for talented and passionate people to help solve them. Giving Back will inspire you to give back to create a positive and long-lasting impact in your community and in the world around you.

How donors change the world through the six catalytic practices of high-impact philanthropy Do More Than Give provides a blueprint for individuals, philanthropists, and foundation leaders to increase their impact. Based on Forces for Good, this groundbreaking book demonstrates how the six practices of high-impact nonprofits apply to donors aiming to advance social causes. Rather than focus on the mechanics of effective grantmaking, reporting, or evaluation, this book instead proposes that donors can become proactive catalysts for change by rising to meet the challenges of our increasingly interdependent world. Key principles include: going beyond check writing/traditional volunteering; advocating for change; leveraging business; forging peer
