Twacs Proasys

Electricity, he reveals the steps we must take, personally and as a society, to coexist with this marvelous but dangerous technology.

A link between power line magnetic fields and childhood leukemia was revealed in a 1979 health study. More studies in the U.S. and Europe supported these findings,

Read PDF

Twacs Proasys

including links to other diseases. But when careful measurements were made in schools, offices and residences it was found that most high magnetic fields in buildings were caused by certain common wiring errors, as well as by electric currents on water pipes due to grounding practices. Karl Riley pioneered a successful
